

ELY

December 21, 1916.

My dear Dr. Gerdine:

I have your letter of December 18th, in regard to naming a mountain in the Cascade Range in honor of Richard U. Goode, formerly a geographer in the United States Geological Survey. Your suggestion in regard to changing the name of North Star Mountain seems to me a splendid choice and I will lay the matter before the Board at its next meeting.

Very truly yours,

Secretary.

Dr. Thomas G. Gerdine,  
Geographer,  
U. S. Geological Survey,  
Washington, D. C.
